

Service Best
SASKATCHEWAN

Communities

Redvers, Saskatchewan is the first community in the province to become a Service Best community.

Service Best communities are cities and towns across Saskatchewan where at least 60% of the businesses in the community have received recognition as a Service Best business.

Service Best is an award-winning, internationally recognized workshop designed to assist frontline staff in the delivery of superior customer service. Business recognition is granted to companies that have at least 60% participation in Service Best and/or Service Best Management, a workshop designed to assist managerial staff in creating an environment for the delivery of superior customer service.

All Service Best communities are recognized at the Saskatchewan Tourism Education Council's annual Professional Recognition Dinners in June and are provided with an electronic format of the logo and certificate to promote their community.
